GPA: 3.60 / 4.0

### Coding languages

- › C
- › C++
- › Python
- › SQL
- › Javascript

### Soft skills

- › Linux usage
- › Docker knowledge

### Languages

- › French : Native
- › English : B1 / B2
- › German : A2
- › Spanish : A1 (actively learning)

### Personal interests

- › Sport : Indoor climbing (Level 7a), Volleyball (captain), Badminton
- › Travels (USA, Asia, Europe)
- › Video Games Player
- › Comic books collector

Motivated first-year software engineering student at Epitech Barcelona with a solid foundation in software development, and a deep technical command of low-level programming gained through academic projects. Educated in an international environment, including the Lycée Français de Barcelone ([Ranked number two worldwide](#)).

Seeking a 4 months internship, to contribute to an IT team's success, learn new skills, and grow as a developer.

## Education

**Epitech, Barcelona (English Program) 09/2025 - Present**  
**Master in software Development**

1st year student in Software development Master's degree (5 years Program).

Main projects successfully completed:

- Fully recreation of a tcsh terminal.
- Implementation of system functions in C (printf, top, sudo);
- Development of a video game;
- Aircraft collision simulation.

**Lycée Français de Barcelone, Spain 09/2024 - 06/2025**  
**Final year of high school**

French Baccalaureate with Honors

Specializations: Mathematics and Physics–Chemistry

**Lycée Gustave-Monod, France 09/2022 - 06/2024**  
**10th and 11th Grades**

Specializations: Mathematics and Physics–Chemistry

Additional specialization (11th Grade): Computer Science

## Additional Trainings

**Included topics:**

- Cybersecurity (200 hours class on Coursera)
- Web3

**"HackMoney 2026 " DeFi Hackathon, Online 02/2026**

**French Aeronautical Initiation Certificate (BIA) 2022 - 2023**
